Dear Bob:

Thank you for your comprehensive study of the [REDACTED] FSL Wage Scale attached to your letter of 7 July 1959. Your recommendations are concurred in, not only by us but also by Bob Hull, who, upon his return, suggested [REDACTED] retain its scale until such time as the FSL Scale more nearly approaches it.

We all agree that the three U.S. installations should use a similar pay structure for similar positions, if this is practical, and in time this idea may be met. Future requests for changes in the Bureau Wage Scale must, of course, take into consideration the existing FSL scale.

I concur in your recommendation to restrict any newly appointed guards and chauffeurs to CY-1. This decision may be reviewed at any time the circumstances so justify.

Sincerely,
